Hello Rene,

I'm always at the Alderney Market every saturday. You asked me to write a review for you. Sorry its taken so long. It's just so hard to get around to doing some things with a busy family and three busy kids.

I'm writing this letter today to tell you about your products, I've always chosen natural products for my family and have tried them all. Some didn't work. Some were too expensive, and some I've had to send away for, which made them even more expensive. I've tried many of your products and really think they are all great. I really love your laundry detergent. It cleans better than all the others and the smell is so nice too. I really think you have a great thing going here, and I look forward to trying all the rest. My Search is over.

Thanks so much!

Tracey Patterson, Dartmouth
