

PURE Bio is getting exposure!

PURE Bio is getting ready for what will be their biggest year ever. With the newest member Mr. Tony Gattillo (CEO, World Wide development), we will exceed all expectations. Tony brings a lot of direct sales operating experience to the table, we will be offering the new PURE recognition program all over the world. PURE Chairman "Viateur Poitras" *we now have the necessary tools to brand our name and products worldwide.*

In order from left to right

CEO Tony Gattillo, President founder Denis Beaulieu, Chairman founder Viateur Poitras, General Manager and Marketing Anthony Poitras.

Regional meeting, writing history

Our first Regional meeting was held on August 1st in Quebec City at the Sheraton hotel. CEO Tony Gattillo said, *we are writing the story, in 10 years from now and with 200 PURE offices worldwide we will be recognise as the number 1 biodegradable company.* All Regional offices will be offering the PURE opportunity.

Regional office (4) to open in August 2008

PURE Bio is proud to announce that 4 Regional office will be opening in August 2008. These offices are the first of many to see the light in the PURE organization. St-Jerome, Iberville, Levis and Moncton will be operating in the next

few weeks. This will give the opportunity to home owners, businesses and more to stop by an authorized PURE office to order their favorite PURE products and at the same time get a small training on how to use the complete line. We will also be doing regular sales

training in every office. We will also recruit on a regular basis and promote our program to all interested parties. Congratulations to all our new Regional Distributors.

RD: Guy Lapointe and Chantale de Roy
